Hoojah's Objective

1. To become a platform for Malaysians to have structured objective discussions online. Every new arguments posted will be tied to a poll which only has three options: agree, neutral or disagree.

2. Encourage users to respond to other users' arguments objectively to promote quality discussions. Thus, encourage ethical online discussion.

3. Create a trustworthy space in the Internet for Malaysians by verifying user's identity and eliminate the noises in online discussion environment.

These platforms rarely filter out their users, so a user can register multiple accounts and manipulate the discussion.

This screenshot shows a user profile page on the Hoojah platform. At the top, there's a navigation bar with 'Home', 'Notifications', 'Search', and 'Create Poll'. Below the navigation is a banner with the text 'What do you value most in air travel?'. The main content area displays several poll cards:

- Cheap ticket price**: A poll with three options: 'Cheap ticket price' (blue), 'Comfort' (yellow), and 'Good looking & friendly cabin crew' (green). It shows 278 votes for Cheap ticket price, 93 votes for Comfort, and 141 votes for Good looking & friendly cabin crew.
- Top Debates for this poll**: A list of debates related to the poll, such as 'Malaysia Airlines' vs 'HMAS' and 'FonyTernandez' vs 'Richard Grandson'.

- "Danger of freedom of speech is not just about what a person is saying, it's also how others take in and processes the message. Majority of Malaysians are not mature enough mentally to filter noises or provocation from quality criticism for example. That being said, I still have high hopes for Malaysians. We'll get there in good time."** (29 November 2018) - Last voted 281 likes ago, in Malaysia ready to enforce freedom of speech.
